

On-Target has a standard policy (as do most ranges) of allowing all pistol calibers and rifles in pistol calibers. We also have the ballistic backstop and therefore allow centerfire rifles up to .458 magnum to be shot here. We require that a centerfire rifle caliber shooter attend one of our classes (over 450 so far) for additional safety instruction. We hold those classes each week on Sunday morning at 10 AM and the cost is \$20 with a "Rifle" permit issued to each shooter. Without this permit one cannot shoot them here. We also try to work with shooters that cannot do the Sunday classes and will hold classes at other scheduled times - call for an appointment.
